

## Associate Lawyer

McDougall Gauley LLP has been growing with the province of Saskatchewan since its beginnings in 1891. Our firm creates opportunities for lawyers to develop a practice that suits their life.

We are looking for a dynamic, motivated lawyer with 2-5 years of experience to be an associate in our Moose Jaw office. The current general practice services both personal and commercial clients in this vibrant community. Moose Jaw offers all the amenities of city life, together with the friendliness, community, and safety of a small town. You'll have access to advice and mentorship from some of the province's top lawyers through our offices throughout the province. A collegial atmosphere and an opportunity to build the practice you want provides an amazing opportunity for an ambitious lawyer. Our firm takes community responsibility very seriously. We get involved and we make a difference where we live and work. We appreciate the interest of all candidates; however, only those under consideration will be contacted.

Please submit your resume & cover letter in confidence to:
